

A better way to get paid by NDIS plan managers

LanternPay offers a single, simple process for service providers to claim from multiple payers, reducing effort, uncertainty and payment delays when serving program funded participants.

Already the preferred claim payment method of tens of thousands of providers who use LanternPay to claim from the Transport Accident Commission (VIC) and the Pharmacy Guild of Australia, providers can now also use LanternPay to claim from multiple plan managers in the NDIS.

Know what's happening to your claim, get paid faster with LanternPay

With the number of NDIS plan managed participants growing exponentially, using LanternPay to claim from plan managers means you'll enjoy simple digital invoicing, visibility of claim status, real-time approvals, fast payment and easy reconciliation, plus the advantage of having a single claim payment workflow to multiple plan managers and other programs.

How it works for you

Use LanternPay to quickly create invoices and submit digital claims

- > Confirm participant eligibility instantly
- > Create invoices for submission with greater speed, ease and accuracy due to live intuitive data and NDIS rules checking
- > Choose digital invoicing from any device via our website or LanternPay app on smartphone/tablet.

Be in control of when your invoice enters the approval workflow and get paid faster

- > Submit invoices directly to the top of the list of plan managers' priority workflow
- > Benefit from the plan manager's 'one-click approval' process, leading to faster payment
- > Submit claims one at a time or large volumes in one go using bulk file format.

Know what's happening to your claim in real time and reconcile with ease

- > View real-time claim decision statuses for submission and plan manager authorisations
- > Know instantly if, why, and what to do next should an invoice submission fail or be rejected
- > See when claims are approved and reconcile efficiently with claim history and single remittance for multiple plan managers.
